Monarch OneSearch

Use the Monarch OneSearch and the techniques that you have just learned to find the following:

1. A book that is related to your topic.
   Date:__________________  Author(s):__________________________
   Book Title:__________________________
   Location & Call Number (if it's a print book)________________________

2. Scholarly/Peer Reviewed Article from the past 5 years.
   Date:__________________  Author(s):__________________________
   Article Title:________________________

3. A news article related to your topic.
   Date:__________________  Author(s):__________________________
   Article Title:________________________
   Newspaper Title (Source):________________________
   What keywords did you use to find this article?________________________
Research Guides

Find the Research Guide that is most relevant to your search topic. Write down the name of the librarian that you would ask for help with this topic.

Look for the “find articles” or “Databases” section of the Research Guide. Write the name of one subject database that you can use to search for information on this topic.

Wrapping Up

What is one new thing about research that you learned today?

How will you use it in the future?

What do you still have questions about?
